

## Tool Library Wish List

Thank you for considering a donation to The West Seattle Tool Library!

We are happy to receive almost any tool or monetary donations that you'd like to offer. The only requirements are that all donated tools must be in working order and non-gasoline powered. Other than that, we welcome just about anything. Below are some suggestions, with the high priority items in bold. We'll be focusing on Carpentry and Gardening/Landscaping during our first year of operations, so we'd be especially happy to receive any and all tools related to those practices, even if they're not listed below.

**All donations are tax deductible.**

Axes	Heat-Gun	Sander, Palm
